

Renée Fleming Neuroarts Investigator Awards

Applied Research Grant Application (Up to \$7,500)

NOTE: Applications must be double-spaced and prepared using a 12-pt. font size. Responses in each section must not exceed the designated maximum word length.

- **TITLE AND BRIEF SUMMARY OF PROPOSED PROJECT (200 words):**

- **PRINCIPAL INVESTIGATOR – include the following information:**
 - Name
 - Title
 - Institutional affiliation(s)
 - Contact information (email address and phone number)
 - Academic degrees and scientific field(s) related to neuroarts
 - Name of faculty member, title, scientific field(s) related to neuroarts, and contact information for faculty advisor overseeing the proposed project

- **OTHER SENIOR STAFF - for each such individual include the following information:**
 - Name
 - Title
 - Institutional affiliation(s)
 - Position with project

- **DESCRIPTION OF PROPOSED RESEARCH PROJECT – include the following information (500 words):**
 - **Project goal and objectives:** What is the primary goal and primary objectives of the proposed project? How will it contribute to building the field of neuroarts and why is such contribution significant?

- **Staff and faculty advisor:** What are the roles and responsibilities of the principal investigator and other senior staff in carrying out the proposed project? Describe how the faculty advisor will work with staff in carrying out the proposed project.
- **Community-based setting:** Describe the choice of community-based setting for the proposed project, including reasons for its selection and relevant experience (if any) working with or in such setting.
- **Methodology:** What research methods and techniques will be used to carry out the proposed project? How will the science behind neuroarts be applied?
- **Equity:** How does the project intend to advance the neuroarts principle of diversity, equity, and inclusion?
- **Anticipated outcomes:** What results or lessons learned are expected to emerge from the proposed project? How might the results of the project position the work for future funding and other support?
- **Timeline:** Identify major milestones of the proposed project and provide a schedule for meeting them (including any required approvals by an institutional review board (or equivalent review panel) if human subjects are involved with the project).

- **PROJECT BUDGET – complete the attached budget template**

- **ADDITIONAL DOCUMENTS**

- For principal investigator, attach a resume or CV.
- For principal investigator, other senior staff, and faculty advisor overseeing the proposed project, provide a link to a website or portfolio of work related to the individual’s anticipated contribution to the proposed project.
- For community-based setting, letter of support for participating in the proposed project.
